Job Title: Agriculture/Technology Education Instructor
Supervisor: High School Principal
Closing Date: Open Until Filled
Starting Date: August 2021

Responsibilities:

The successful candidate will be ...

- Able to understand central concepts of agricultural curriculum, instruction, and assessment. Instructors with CASE certifications are encouraged, but not required.
- Work in a partnership to provide active leadership, guidance, supervision, and advisor teamwork with current instructor to grow academic and leadership opportunities for students.
- Able to learn and use appropriate technology to improve the teaching and learning experiences.
- Able to develop curriculum to help supplement what is currently being implemented.
- Able to use a variety of teaching strategies to engage and motivate students in the agriculture realm.
- Able to use appropriate classroom management techniques to provide students with a safe learning environment.
- The candidate must possess strong organizational and communication skills, flexibility, and the ability to express ideas clearly and with enthusiasm.
- The candidate must also be able to communicate and interact in a positive manner with students, parents and staff members.

Qualifications:

- Valid Washington State Teaching Certificate with an endorsement in Agriculture Education.
- Valid Washington State CTE certificate or ability to apply for one.
- Current First Aid Card (may be obtained during the first year of employment with the district).

Brewster High School Agriculture Education Program has two scopes:

- Agricultural Power and Mechanical System Technology in Agriculture
- Principles of Agricultural Science Technology – Plant and Animal Systems, Biotechnology

+Design OSPI approved Agricultural Curriculum Frameworks that will grow technology concepts to meet industry certifications / competencies.

+Work collaboratively with post-secondary partners in providing dual credit opportunities for agriculture students.

+The agricultural education instructor is to assist and supervise all students in developing a Supervised Agricultural Experience (SAE). In addition, will serve as advisor of the local FFA chapter and promote FFA activities as an integral part of the agricultural education experience.

+The instructor will promote student attendance and provide transportation for students to attend FFA leadership activities, summer field days, and/or livestock events and shows. In addition, the instructor should work with the local community on projects or activities. Also, the instructor will attend professional development

+Instructor will maintain an active advisory committee. The committee will officially meet at least twice annually to discuss the direction of the program.

Salary: The successful candidate will be placed on the district's salary schedule.

School: The 2021 - 2022 enrollment is projected to be 270 students in grades 9-12. Approximately 90 percent of the student population is Hispanic. Building is currently mid-year of a two year remodel project with new sports facilities. An extensive component of the project will be a new Agriculture Education facility
